

Adding the Media Gallery (LTI) to an Ultra Course

The Kaltura Media Gallery (LTI) tool is used to create a course media gallery. This keeps all media related to a specific course together in one area rather than having individual links to media throughout the course.

There are two parts to using the Media Gallery, adding the tool to your course and adding media to the Media Gallery.

Adding the Media Gallery tool to your course

1. In the Content tab of your Blackboard Ultra course, click on the **⊕ plus icon** to add a new item (Figure 1). *Please note, if there is no content in your course you will see the Add Content button instead.*

FIGURE 1

2. On the menu that appears, click **Content Market** (Figure 2).
3. Locate the **Kaltura Media Gallery (LTI)** tool and click the **plus icon** in the lower right-hand corner (Figure 3).

Adding the Media Gallery (LTI) to an Ultra Course

Adding Media to the Gallery

1. Click on the Kaltura Media Gallery Tool to begin adding media. The Media Gallery screen will open in a new window.
2. Click the **Add Media** button to either add media already uploaded to Kaltura or upload new media.
 - a. If you have media in the gallery, it will be listed (Figure 5)

3. Select the media you want to add by checking the box to the left of the thumbnail (you can select multiple) then click on the **Publish** button in the upper right-hand corner.

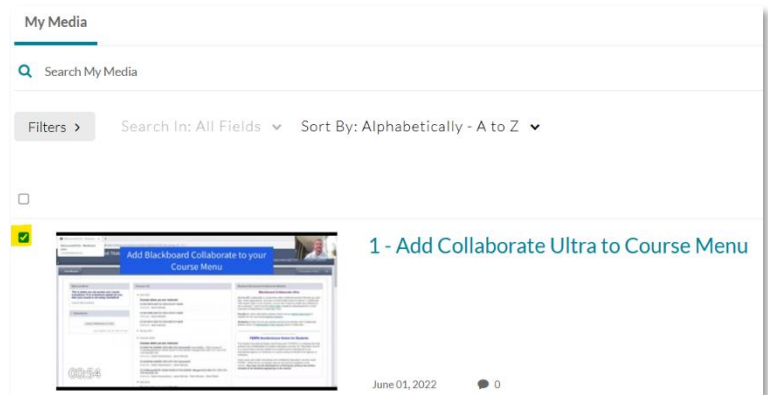

FIGURE 5

4. You can also Upload Media, add a Video Quiz or record an Express Capture by clicking the **Add New** button (Figure 6).
