

Ultra Course Settings control visibility of your course, Class Roster, Progress Tracking and visibility of students who have dropped your course.

To open and adjust your course settings, go to your course's content page and click **Course Settings** in the top right corner.

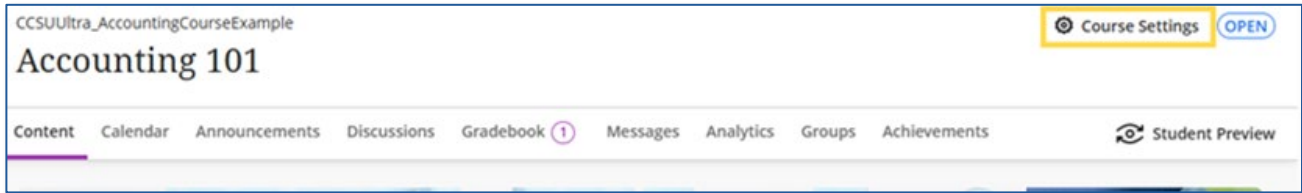

Figure 1

**Course Status:** The Open option makes your course available to students. The Closed option prevents student access.

*Please Note:* CCSU's Blackboard courses remain accessible unless an instructor decides to close them.

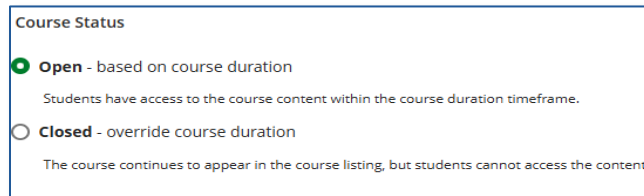

FIGURE 2

**Class Roster:** When Class Roster is toggled on, students will be able to view a list of everyone in the course.

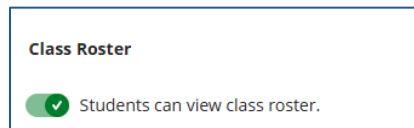

FIGURE 3

**Progress Tracking:** By enabling Progress Tracking, students will be able to view the completion status of their work throughout the semester.

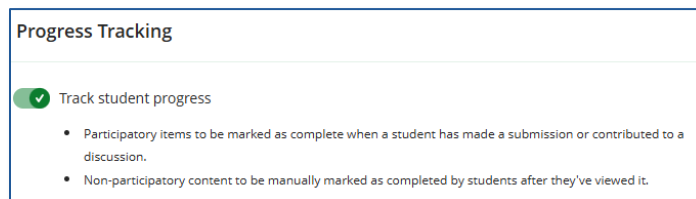

FIGURE 4

**Student Visibility:** If you do not want to see students who have dropped the course in your gradebook, toggle on the option to hide them under Students Visibility.
