Open your course and navigate to a Content Area in your course where you want to add your McGraw Hill Connect content.

- 1. Click on Build Content
- 2. Click on McGraw Hill Connect LTIA

After connecting your content or creating assignments in McGraw Hill, the next step is to incorporate the content into your course.

- 1. Select the checkmark box under Assignments (#1 below),
- Click on the paper stack icon (#2 below) then select Deploy/Manage.
