

If your instructor is using Honorlock for a test, you will need to install the Honorlock Chrome extension. This guide will teach you how to install the extension. For more information, refer to the [documentation](#) provided by Honorlock.

Compatible Web Browser

You will need to use **Google Chrome** to take your test. Mozilla Firefox, Microsoft Edge and Safari are not compatible with the extension. It is recommended that you follow the Google Chrome installation instructions on [Google's website](#).

1. Open the link in Google Chrome: View information on the [Honorlock Extension](#)
2. Read the Terms of Service and Privacy Policy by clicking each link. Click the **check box** to verify you agree & understand the documentation, then click **Add Extension** (Figure 1).

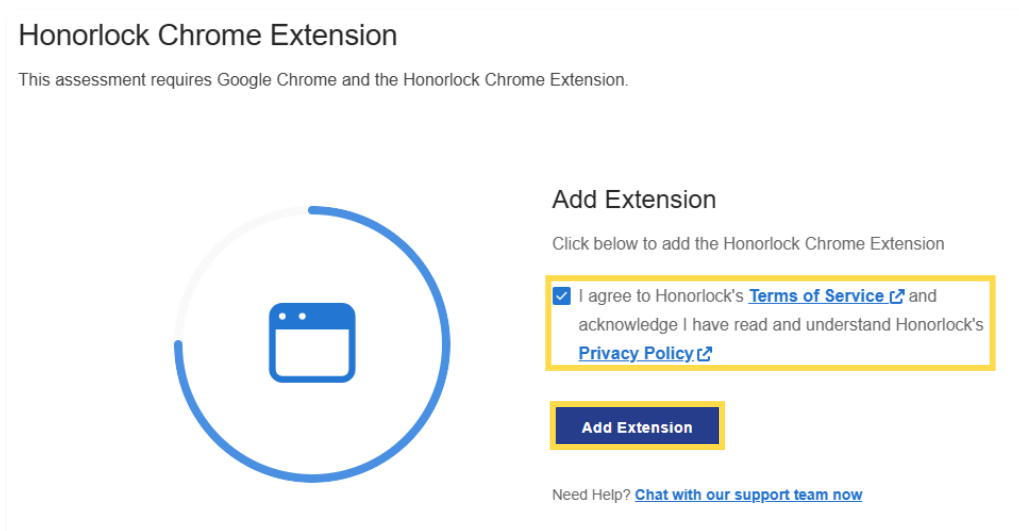

FIGURE 1

3. Click the **Add to Chrome** button to add the extension to your browser (Figure 2).

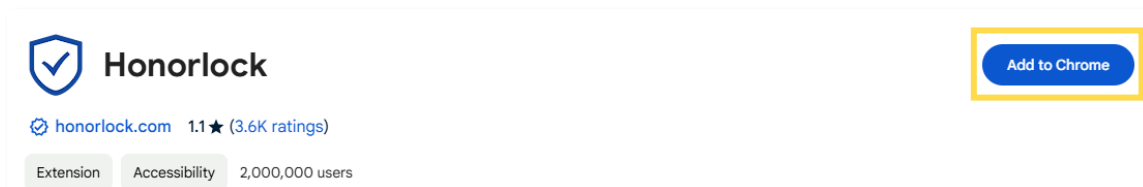

FIGURE 2

4. On the pop-up that appears, click Add Extension (Figure 3).

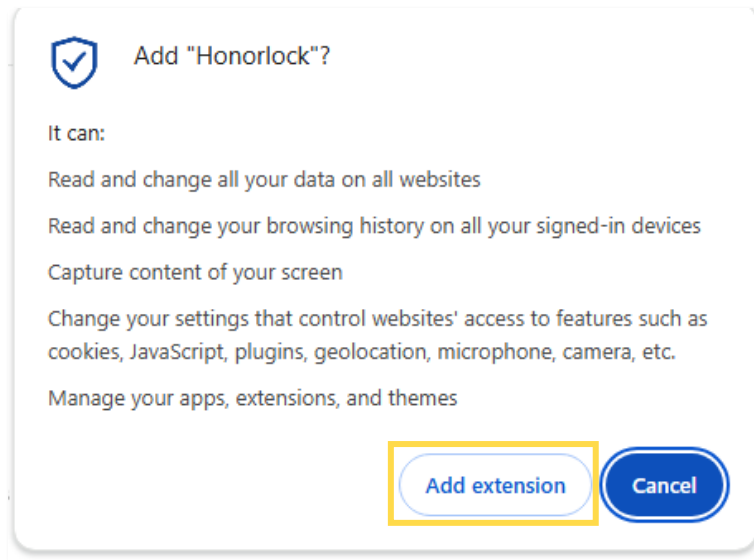

FIGURE 3

5. The extension will be added to your Web browser. You can now take the Honorlock proctored exam.
