

## Download Kaltura Videos in MP4 Format

**Kaltura Capture Mediaspace** defaults to downloading your videos in a WebM file format. If you prefer to download the video in an MP4 format, please follow the instructions below.

- 1. Log onto mediaspace.ccsu.edu.
- 2. To navigate to your video, click on your **Username** and from the menu select **My Media**. Click on the video you are interested in downloading (Figure 1).

3. Click Actions. From the menu, click Edit (Figure 2).
