Download Kaltura Capture on a CCSU Computer

This guide will teach you how to install Kaltura on a CCSU owned computer. To learn how to install Kaltura on a personally owned computer, please refer to this guide. Make sure to check to see if Kaltura is already installed before following this guide.

1. Click the **Start button** or **Search bar** and type **Software Center** (Figure 1). Press Enter.
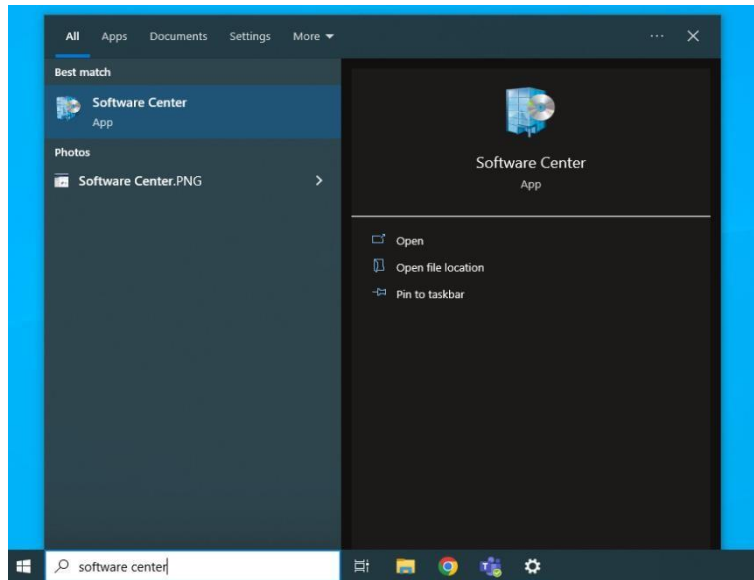

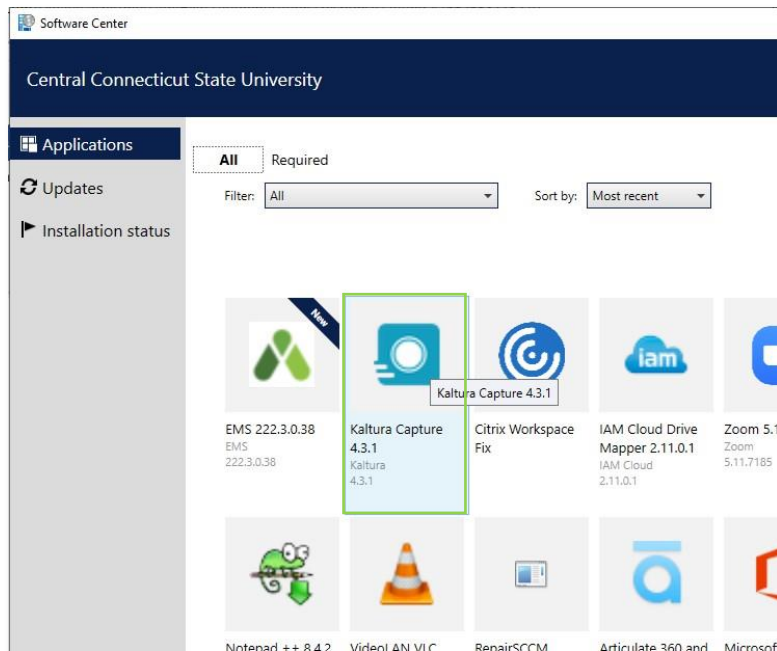

2. Locate **Kaltura Capture** and click on it (Figure 2).

3. Click the Install button (Figure 3). Kaltura Capture will begin downloading. Please be patient, as it may take a while.

4. After installation is complete, confirm Kaltura Capture is listed on the Windows menu by clicking the **Start button** in the bottom left-hand corner and scrolling down to the **Kaltura Capture** folder (Figure 4).
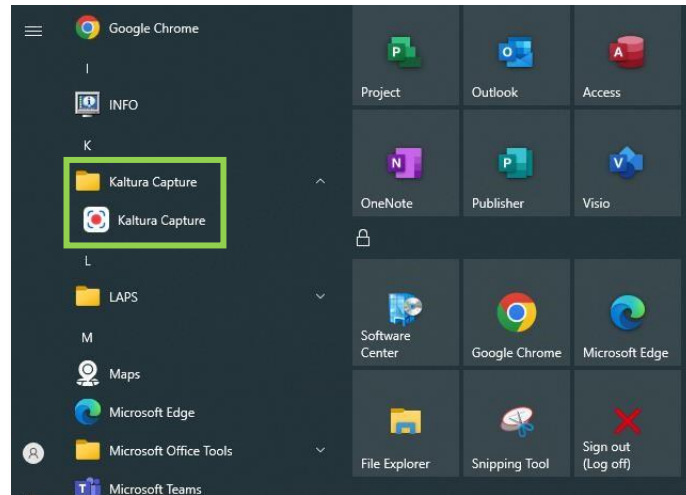

5. Open your web browser and navigate to https://mediaspace.ccsu.edu/.
6. In the top right corner, click **Guest**, then **Login** (Figure 5).

7. After you login, click **+ ADD NEW** in the navigation menu, and a new menu will appear.
8. Select the **Kaltura Capture (Replaces CaptureSpace)** option (Figure 6).
